

STATE OF NEBRASKA
DEPARTMENT OF NATURAL RESOURCES

ORDER GRANTING PETITION VAR-3588 FOR LEAVE TO FILE OR CONSIDER
AN APPLICATION FOR A NEW SURFACE WATER APPROPRIATION WITHIN
A MORATORIUM OR STAY AREA

WATER DIVISION 1-B

BACKGROUND

1. On July 14, 2004, the Department of Natural Resources (Department) issued an Order declaring a formal moratorium in the Republican River Basin on the issuance of all new surface water appropriations.
2. On March 1, 2013, Dallas Haring, Trustee (Petitioner), filed petition VAR-3588 in the Department for Leave to File or Consider an Application for a New Surface Water Appropriation within a Moratorium Area (Petition). The draft application and documentation attached to the petition is for a permit to impound approximately 17.5 acre-feet of water from Wortham Creek in the existing Mom's Pond located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 35, Township 1 North, Range 14 West of the 6th P.M. in Franklin County for the purpose of erosion control and water for livestock.
3. A search of the records of the Franklin County Register of Deeds indicates the land located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 35, Township 1 North, Range 14 West of the 6th P.M. in Franklin County may include names of owners in addition to Dallas Haring, Trustee.
4. Department records of aerial photography dating back to 1993 for this location show this dam and reservoir in existence and impounding water.
5. *Nebraska Revised Statutes* § 46-714(3)(n) allows for new surface water appropriations if the Department grants leave to file an application and subsequently approves a permit for such use.
6. When filing such a petition, a project proponent must offer a clearly stated basis for such request and must offer sufficient good cause shown. *Department of Natural Resources Rules for Surface Water, Title 457 Neb. Admin. Code Chapter 23* lists six circumstances that may be put forward as justification for granting a petition to apply for a permit to impound water, in conjunction with an examination of good cause shown.

CONCLUSIONS

1. Petitioner has shown good cause in that the impoundment has been providing the benefits of erosion control and water for livestock for many years.

2. Mom's Pond existed prior to the formal moratorium.
3. Therefore, petition VAR-3588 should be granted and the Petitioner should be allowed to file an application for a permit to impound water.

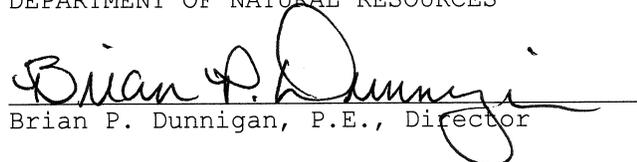

ORDER

IT IS HEREBY ORDERED:

1. Petition VAR-3588 meets the requirement of *Department of Natural Resources Rules of Surface Water, Title 457 Neb. Admin. Code Chapter 23, § 001.04*, and is GRANTED.
2. This Order granting leave to file or consider an application for a new surface water appropriation within a moratorium or stay area pursuant to petition VAR-3588 shall be in effect for one year from the date this order is signed.
3. This decision shall not bind the Director to approve any application to which it relates, or in any way be used as evidence of prejudice for the Director's future decisions concerning the specific approval requirements of such an application.
4. The Petitioner shall provide the **names, addresses and contact information for all owners** of the land located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 35, Township 1 North, Range 14 West of the 6th P.M. in Franklin County.
5. **All owners or their representative** of the land located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 35 of said legal description **shall sign and date** the Application for a Permit to Impound Water.

DEPARTMENT OF NATURAL RESOURCES
